Just a quick note: I was hoping these would come out cooler than they did, but sadly I didn't have canvases to paint on like I had originally planned to (thus the envelopes) because I wasn't allowed to go to walmart. I also had a very limited selection of paints to use in my house, because most of my supplies are still at UMF. **With that said, I still had a ton of fun doing this project, and I do think that my paintings reflect the way that I see each of these four movements, with all things considered.**

(Starting at top, from left to right: *Promenade I*, *The Old Castle*, *The Market at Limoge*, & *Ballet of the Unhatched Chicks*.) -Below this picture I included a second collage of what my work area looked like for each painting just because I thought the contrast between them was cool!-
