# Now It Can be Bought for \$2.10

---

Many schools have been wanting for basal, supplementary, or reference use the notable history of the world, told from a new point of view, in an inimitable style, with original illustrations—

## *The Story of Mankind*

*By Hendrik Willem Van Loon*

We have just published a school edition of this work, with the same text (except some editorial changes), the same pictures (except some substitutions by Dr. Van Loon), and practically the same type page, in an attractive, durable schoolbook binding. A section of questions and teaching helps by the author has been added.

The price, instead of \$5.00, for which the original edition is sold, is only \$2.20. From this price the usual discount cannot be given, on account of our contract with the publishers of the trade edition; but schools may get the book for \$2.00 net. Single copies will be sent postpaid in New England for \$2.10.

# Farmington State Normal School

ESTABLISHED BY ACT OF LEGISLATURE IN 1863  
 OPENED TO STUDENTS AUG. 24, 1864

Our Normal School is doing several things:

- 1st. Preparing teachers for Elementary and Junior High schools.
- 2nd. Training teachers of Domestic Science.
- 3rd. Preparing young men and women for Junior classes in colleges offering degrees in education.
- 4th. Offering as good courses as we can make in the care and education of children.

## SUMMER SCHOOL

An increasing number of teachers come to our Summer school. Last year we had 220. This year we shall have more. Our purpose is to offer the best Summer school opportunities in New England for Elementary teachers.

A new dormitory is being built this year.

Write if you are interested.

## Good Printing and Moderate Prices

With Printing as with most other lines of work, the price and quality are in harmony; low prices mean inferior work. For this reason we cannot talk low prices. Quality counts, and that is what our patrons want and get at a reasonably moderate price.

When you want anything in our line, come in and let's talk it over.

**THE LAUN-DRY-ETTE**

The Laun-Dry-Ette in a *real* sense does *all* the work of washday. It washes, rinses, blues and dries for the line. No need for stationary or portable tubs. You can use the Laun-Dry-Ette in your kitchen or bath room if you choose.

Instead of lifting the dripping clothes out of unpleasant hot soapy water to feed to a wringer, you simply press a pedal on the Laun-Dry-Ette when it has finished washing. Up comes the Laun-Dry-Ette dryer and the whole load of clothes is wringerdry in one minute. Sounds easy and it is. You handle *moist* clothes but, never *wet* clothes.
